REMARKS

The unselected GROUP II included claims 4-6 and 14-16.

The Examiner questioned the linking of claims 7-10 and 17-20. The applicant is considering issues with respect to this and the related applications.

Also, the Examiner found some typo-type errors. Apparently crossing in the mail a quest to accept a replacement specification has been filed. No new matter was added, It is expected that the errors pointed out by the Examiner will be corrected in this filing. Also, the corrected drawings are being filed.
